

BHUVAN A B

B.E., Computer Science & Engineering | Expected 2028
bhuvanab.cs24@bmsce.ac.in | +91 78290 23129 | LinkedIn | GitHub | LeetCode

CORE COMPETENCIES

Languages: C, Java, Python, HTML, CSS, JavaScript

Core CS: Data Structures & Algorithms, Problem-Solving, SQL, DBMS, System Design

Web & Tools: REST APIs, FastAPI, Next.js, Git, GitHub, Docker, Linux

AI/ML: Machine Learning, Neural Networks, Generative AI, Prompt Engineering

EDUCATION

BMS College of Engineering (BMSCE) • Expected June 2028 | CGPA: 8.08

TECHNICAL PROJECTS

ForgeIQ – AI-Powered Manufacturing Intelligence Platform

Tech: Python (FastAPI), Next.js/React, PostgreSQL, CAD Parsing, NLP

- Designed and implemented CAD feature parsing & deterministic geometry extraction engine for manufacturing workflows
- Built secure REST API with 40+ endpoints, JWT authentication, rate limiting, and comprehensive error handling
- Engineered pricing & quotation system, achieved 96.9% accuracy on production models
- Built 9-stage production tracking pipeline with real-time order status updates and customer-scoped portal
- Comprehensive testing: 33/33 pytest tests passing, E2E Playwright suite (14 tests), load testing with 5.5x throughput improvement

QWait Estimator – Queue & Wait-Time Management Platform

Tech: QR Check-in, Live Queue Tracking, Real-time Dashboards, Interactive Mapping

- Built queue management system for clinics with QR-based check-in and live status tracking
- Designed doctor/staff dashboard with wait-time estimates and venue mapping for operational efficiency

PROBLEM-SOLVING & COMPETITIVE PROGRAMMING

- 100+ problems solved on LeetCode demonstrating strong DSA foundation (arrays, trees, graphs, dynamic programming)
- Beginner-level badges across 10 AI learning tracks (Machine Learning, NLP, LLMs, Agentic AI)

LEADERSHIP & COMMUNITY INVOLVEMENT

- Rotaract Club of BMSCE – Member & Social Services Volunteer (2024–Present)
- Drug Free Karnataka – Health Initiative Volunteer (Jul 2025)
- UTASV – Education Initiative Volunteer (Apr–May 2025)

ACHIEVEMENTS & RECOGNITION

- FFE Scholarship – Foundation for Excellence (December 2024)
- 100+ LeetCode problems solved (demonstrates rigorous problem-solving approach)

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- OpenAI Academy – Applied AI Foundations • DeepLearning.AI – Generative AI for Everyone • Coursera – Learning How to Learn • Microsoft – Introduction to AI Concepts • IBM – Responsible AI & Risk Management • Red Hat RH104/RH124 • Deloitte Data Analytics (Forage)

LANGUAGES

- English | Kannada | Hindi | Urdu
